

Hello, and welcome to my mobile webpage! My name is Chloe, and I'm currently majoring in Graphic Design and Communications. I'm almost finished with my associate's degree and will soon move on to the four-year program here at TMCC. Outside of the Graphic Design world, I'm a huge fan of painting murals, sculpting, and being outside as much as I possibly can. My inspiration is drawn from nature, music, history, and the people around me.
