

# Style Guide

GRC 175 Web Design & Publishing  
Kyle Smith Project Three

## Colors

The main color scheme for the grc website redesign will follow the main grc website, green and screen tints of black.

background: darks black with texture(42,42,42)

Body copy Green(151,255,0)

body copy: white(255,255,255)

## Logo and Logotype

Logo is just a simple GRC and the rest of the design is completely up to me.

## Graphics

Graphics for the site will be minimal and simplistic:

Background will be dark with a cross hatch pattern.

There is a new slide image for each of the pages.

## Typography

Headline: **Helvetica**

Subheads & Body copy: Federo - google webhosted font

Any font weight or variation is acceptable
