Alax Vong
Project 1 - Style Guide
GRC 175 - Fall 2012

Colors

#333

#CCC

#FFF

#900

#FFC

Only these five colors may be used on the html elements of the site.

#000 is the overall text color.
#CCC is for hovering over links.
#FFF is the color of the content box.
#900 is used to indicate the active page and as the ribbon's fold.
#FFC is the color used for the ribbons and <h> tags

Logo

The Logo was found online through a google search. For permission on usage, contact Bobo's. I am using it for educational purposes.

Graphics

The Graphics used on the website are:

The Logo
The background scenery
The header ribbons

Typography

Sweet Sans

All html type is
Verdana regular at 14px except
the headers and navigation text
which is Sweet Sans.

Verdana Regular

Design

This is an example of the home page.
