WELCOME TO THE SLEEPY DOG

While you are traveling through Southeastern Arizona, looking for a comfortable, unique and dog friendly place to stay, please consider the Sleepy Dog Guest House. Artist owned, the delightful, sunny house is colorful and contemporary in a very South- western, artistic and quirky way.

Our clean, sunny guest house is 25 miles South of Tombstone and eight miles from the quiet little border town of Naco Sonora, Mexico. We can point you in either direction for fabulous tacos, or other dining or cultural experiences.

Sitting on nearly an acre of land, it is delightfully private and refreshingly quiet. No one will be passing out ear plugs at our house, that's for sure! The stargazing is almost as good as the bird-watching and you can do both from our sweet rocking chair-filled porch. You will find charming, authentic Bisbee flavor at the Sleepy Dog, and the best part is that the entire house is yours to enjoy. No neighbors, no noise ☒ privacy at its best. Kick back, relax and take a breather from reality for a bit.

FREE WI FI

FULLY EQUIPPED KITCHEN

IPOD DOCK AND SPEAKERS

We are a short down hill walk to the heart of Old Bisbee, where you will find superb dining, galleries and museums, unique shops, antique dealers, jeep tours, historic taverns, wonderful architecture, interesting characters, and live music on the weekends.

Some of Old Bisbee's most stunning views are from the rocker-filled front porch of The Sleepy Dog. Of course those wonderful views mean stairs ☒ another thing that Bisbee is famous for. So be prepared to climb 48 of them once you have parked your car. No matter, some guests have found the Guest House to be so comfortable in this delightful little slice of heaven they never leave the house during their stay.

OR YOUR LAPTOP

Our clean, sunny guest house is 25 miles South of Tombstone and eight miles from the quiet little border town of Naco Sonora, Mexico. We can point you in either direction for fabulous tacos, or other dining or cultural experiences.

Hiking is great here, too. Bisbee has a network of trails running through the hills around town. Step out of the kitchen door and you are immediately hooked up to great hiking and off leash trails.

The Sleepy Dog also has its own private viewing point (bathrobes and pajamas are allowed!) which is a very short walk out of the back gate. With a small table and a couple of chairs it's the perfect place for coffee or cocktails ☺ and Bisbee's most stunning view.

Doggie Guidelines

We are delighted to be able to offer you pet friendly lodging as we know how wonderful it is to be able to travel with our four legged friends. In order for the Sleepy Dog to continue to be pet friendly we ask that you consider the following before you commit to reservations.

You are responsible for the behavior of your dog and for any damage that is dog-inflicted while you are here. Hopefully nothing will happen but accidents aren't out of the question. Therefore, if you're not totally trusting of your animal then please don't bring your friend with you.

Primary doggie rules are as follows:

Your animal is not allowed on the furniture and especially not on the bed. If your pet is used to being on the furniture at home then it is your responsibility to bring sheets, etc. to cover the couch, chairs or bed.

Please have your dog eat only on hard flooring, preferably in the kitchen.

Only you know how well your animal will behave when left alone in the house. If you think your doggie will not appreciate being left alone in a strange environment, by barking or chewing up things, then please bring a crate. Locking your dog in the bathroom is not an option.

Tell me if there are any accidents on the carpet so that I can properly clean them up when you leave.

If it's raining or the lawn is wet there are towels to clean your pet's feet before tracking anything into the house.

There is a bucket and a scooper in the back yard for dog poop. Please do not put the poop in plastic or paper before depositing it in the bucket.
