Logo and Logotype

Include a sample of the logo and all acceptable variations. Also include a sample of the type used in the logo (if any) and any acceptable variations (bold , italic, etc.). Be sure to state explicitly where the logo can and cannot be used.

The logo I used is a illustration that i did in illustratur and edited on photoshop to give it a 3-dimentional look. I used the name of Nino as a main headline. The logo is displayed on every page to keep the web page united.

Make a list of all non-logo graphics that appear in your design (persistent navigation, accents, pictures, etc.) along with all acceptable variations of those graphics. Be sure to state explicitly where these graphics can and cannot be used.
